Report of Principal and School Improvement Council

South Carolina Calvert Academy is pleased to serve South Carolina families with K-8 students through our innovative virtual charter school. There are many reasons for educating children outside a traditional classroom. A virtual school provides a choice for parents who want to be more directly involved in their child's education. South Carolina Calvert Academy is designed for families seeking a flexible, personalized education for their children which is custom-tailored to their individual family needs.

The South Carolina Calvert Academy virtual learning community consists of highly-qualified teachers, parents, academic and technology support teams, school administrators, and, of course, students. This team is focused on the continued academic success of the child and empowering all students to reach their full academic potential.

The foundation of the South Carolina Calvert Academy is the world-renowned, accredited Calvert School program. Calvert's curriculum has been successfully used to educate over 600,000 students for more than a century.

South Carolina Calvert Academy begins its fourth and exciting year of operation and continues to grow and expand. In addition to academic successes, SC Calvert is looking to expand its offerings with Gifted and Talented programming, service learning clubs, career exploration activities, and field trips across the state.

Increasing standardized test scores and participation continues to be a point of focus, as South Carolina Calvert Academy helps families, students, and South Carolina achieve academic excellence. SC CAL does not discriminate on the basis of race, color, national origin, sex, religion, age, or disability in the employment or provision of services.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
